Open to Nonresidents

PUBLIC HEALTH OR CIVIL ENGINEERS
Wisconsin Department of Resource Development

Start at \$638 a month. Earn \$35 raise after six months. Further merit raises to \$828. The department may give salary recognition at the time of appointment to applicants who have additional appropriate training and experience. The starting salary may not exceed \$708.

The newly organized Water Resource Division of the Department has numerous openings as a result of the expansion of water resource management activities.

JOB DESCRIPTION: Assist in planning and organizing stream and industrial waste surveys. Compile data. Prepare reports. Participate in studies of sewer systems and sewage treatment facilities. Inspect facilities to determine whether installation is in accordance with approved plans and specifications. Review plans and specifications for water supply improvements and sewerage facilities. Consult and correspond with well drillers and pump installers to insure compliance with laws and codes. Check construction reports. Make field investigations of private water supply installations.

QUALIFICATIONS: Training and experience -

Civil Engineer 1: College degree in civil engineering.

Public Health Engineer 1: College degree in civil, chemical, public health or sanitary engineering.

Wisconsin residence is not required.

Essential skills and knowledges - Knowledge of theories, principles and practices of civil engineering. Ability to analyze data, assist in research, and present results in clear reports. Ability to establish and maintain effective working relationships with associates and the general public.

APPLICATION: Apply at once. Applications may be sent to Mr. Trygve Thoresen, Administrative Officer, Department of Resource Development, State Office Building, Madison, or Bureau of Personnel, 1 West Wilson Street, Madison, Wisconsin 53702.
